

**COVID-19 Economic Response Plan** 

# Wage Subsidy & Business Cash Grants

### Beneficiaries and Payments, 11 September 2020

#### **Background**

The wage subsidy and business cash grants are two of the key COVID-19 Economic Response Plan measures implemented by the Government to support businesses and their employees during the pandemic.

The Phase 1 wage subsidy, based on the minimum wage, was available for a 3-month period from April through June 2020 to businesses significantly impacted by the COVID-19 pandemic, with payments made on a monthly basis:

- \$266 per week for a full-time employee working 20 hours per week or more;
- \$133 per week for a part-time employee working between 5 and 19 hours per week.

The wage subsidy was extended from 1 July 2020 under Phase 2 of the Economic Response Plan at an increased monthly rate:

- \$320 per week for a full-time employee working 20 hours per week or more;
- \$160 per week for a part-time employee working between 5 and 19 hours per week.

The Phase 1 one-off business cash grants, which varied by business size, provided an immediate cash injection to registered businesses that are affected by the pandemic.

Business Category	Turnover	Grant
Sole trader	N/A	\$3,000
Small business	<\$300,000	\$5,000
Medium business	\$300,000 to \$5 million	\$10,000
Large business	>\$5 million	\$15,000

Under Phase 2, from 1 July 2020, eligible sole traders had access to another round of one-off \$3,000 business grants.

For more information on the Phase 2 measures see the MFEM website at: http://www.mfem.gov.ck/economic-planning/erp-phase-ii.
