

MINISTRY OF FINANCE AND ECONOMIC MANAGEMENT
GOVERNMENT OF THE COOK ISLANDS
COOK ISLANDS
STATISTICAL BULLETIN

MISCELLANEOUS STATISTICS
March Quarter 2016

The Miscellaneous Statistics is a compilation of statistics from various data sources, such as building approvals, energy consumption, aircraft movement, motor vehicle registration, air cargo and climate.

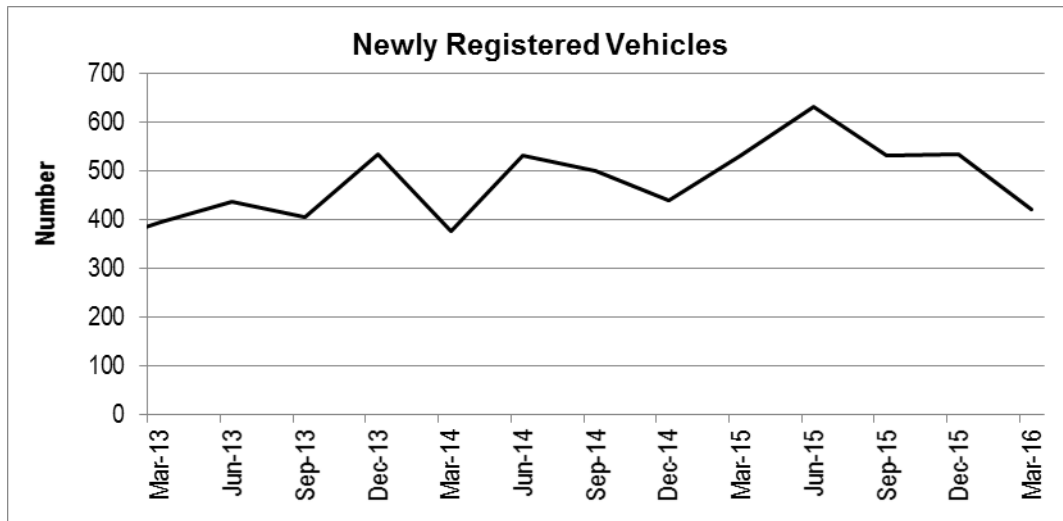

Building Approvals – The total value of buildings approved during the March quarter 2016 (5,780) increased by 27.3 per cent when compared to December quarter 2015 (4,540), and a further increase of 147.0 per cent when compared to March quarter 2015. Residential buildings contributed 75.8 per cent in the total value of building approvals averaging to over \$151,000 per residential building approved, while the Commercial buildings contributed 24.2 per cent.

Electricity Generated - Total electricity generated in the Cook Islands for the March quarter 2016 was 7.7 million kWh, a 4.0 per cent increase when compared to December quarter 2015. Of the total electricity generated 81.8 per cent was consumed on Rarotonga, followed by Aitutaki with 12.6 per cent and 5.6 per cent from the rest of the outer islands.

Aircraft Movement - International flights out of Rarotonga decreased by 33 flights during March quarter 2016 when compared to December quarter 2015. New Zealand continued to be the main destination with 133 international flights.

Newly Registered Motor Vehicle - Newly registered vehicles for March quarter 2016 decreased by 21.2 per cent compared to December quarter 2015. Motor cycles continued to be the highest type of vehicles registered (63.8 per cent), followed by Cars, Jeeps and Station Wagons (22.4 per cent), Vans and Pickups (8.6 per cent).

Air Cargo - The total weight of 329,000 kilograms of air cargo was recorded in the March quarter 2016. This is a 4.1 per cent decrease when compared to December quarter 2015, and a further decrease of 2.1 per cent when compared to March quarter 2015. Air cargo exports recorded a total weight of 22,000 kilograms for March quarter 2015. The actual value and descriptions of the air cargo imports/exports is captured in the Overseas Trade Statistics publication.

Climate - Rarotonga and Aitutaki recorded an average temperature of 26.1 and 25.6 degrees Celsius, with a total rainfall of 246 millimeters for Rarotonga and 484 millimeters for Aitutaki. Penrhyn had an average temperature of 29.1 degrees Celsius with a total rainfall of 940 millimeters during March quarter 2016. A total of 552 hours of sunshine was recorded for Rarotonga.

Further information about this release can be obtained from the Statistics Office.
