

MINISTRY OF FINANCE AND ECONOMIC MANAGEMENT
GOVERNMENT OF THE COOK ISLANDS
COOK ISLANDS
STATISTICAL BULLETIN

MISCELLANEOUS STATISTICS
June Quarter 2017

The Miscellaneous Statistics is a compilation of statistics from various data sources, such as building approvals, energy consumption, aircraft movement, motor vehicle registration, air cargo and climate.

Building Approvals – The total value of buildings approved during the June quarter 2017 (18,850) increased by 144.0 per cent when compared to March quarter 2017 (7,724). Residential buildings contributed 17.7 per cent in the total value of building approvals and the Commercial buildings (Commercial (562), Tourist Accommodation (858), Community (14,090)) contributed 82.3 per cent.

Electricity Generated - Total electricity generated in the Cook Islands for the June quarter 2017 was 9.2 million kWh, a 6.5 per cent decrease when compared to March quarter 2017. Of the total electricity generated 83.9 per cent was consumed on Rarotonga, followed by Aitutaki with 10.7 per cent and 5.4 per cent from the rest of the outer islands.

Aircraft Movement - International flights out of Rarotonga increased by 25 flights during June quarter 2017 when compared to March quarter 2017. New Zealand continued to be the main destination with 188 international flights.

Newly Registered Motor Vehicle - Newly registered vehicles for June quarter 2017 increased by 9.3 per cent compared to March quarter 2017. Motor cycles continued to be the highest type of vehicles registered (55.3 per cent), followed by Cars, Jeeps and Station Wagons (32.1 per cent), Vans and Pickups (8.3 per cent).

Air Cargo - The total weight of 384,000 kilograms of air cargo was recorded in the June quarter 2017. This is a 19.5 per cent decrease when compared to March quarter 2017. Air cargo exports recorded a total weight of 22,000 kilograms for June quarter 2017. The actual value and descriptions of the air cargo imports/exports is captured in the Overseas Trade Statistics publication.

Climate - Rarotonga and Aitutaki recorded an average temperature of 25.0 and 24.8 degrees Celsius, with a total rainfall of 436 millimeters for Rarotonga and 210 millimeters for Aitutaki. Penrhyn had an average temperature of 29.0 degrees Celsius with a total rainfall of 518 millimeters during June quarter 2017. A total of 500 hours of sunshine was recorded for Rarotonga.

Further information about this release can be obtained from the Statistics Office.
